

We are working to provide
your radiation safety.

Worldwide.

ECOTEST – a registered trademark of the PE “SPPE “Sparing-Vist Center”

- **No. 1** manufacturer of dosimeters in Ukraine
- **30 years** on the market
- Over **35 products** developed
- More than **200 highly qualified professionals** on staff
- **1500 m²** of office and production space

Our activity

Complete
scientific-production cycle

- development of radiation measurement instruments
- serial production of radiation measurement instruments
- development of the specialized software

Our principles

- The main goal of our company is to make our customers 100% satisfied with the experience they get when working with us
- Comprehensive solutions to radiation monitoring challenges
- Products improvement and enhancement of their functionality according to the requirements of time
- Constant development of the company and its staff

Rostyslav Smuk

founder and CEO

- Honored inventor of Ukraine
- Laureate of the State Prize of Ukraine in science and technology
- A member (and ex-president) of the Lviv Leopoldis Rotary Club
- Awarded with the “Flagman of Ukraine's economy” Order for outstanding contribution to the economic development of Ukraine

Yuriy Storonskyy

Director of Engineering

- Ph.D. in Technical Sciences
- 30 years of work experience in the field of instrument engineering
- Laureate of the State Prize of Ukraine in science and technology

Our business partners

Application of ECOTEST TM products

Customs and Border Services
Law enforcement agencies
Emergency Services and Civil Defense
Sanitary dosimetry and ecology
Radioactive waste storage sites
Radiological laboratories
Medicine
Educational programs

Industry
Nuclear power industry
Metallurgy and scrap metal storage
Mining industry
Vehicles monitoring, seaports and airports
Construction industry
Logging and woodworking industry
Household use

Our products

Handheld detection

Personnel Exposure Monitoring

Isotope Identification

Contamination and activity measurement

Survey Monitors

Area monitoring

Detecting units (Probes)

Solutions for special purpose vehicles

Chemical and Radiation Detection
